APPLICATION

Directions for use:

Always test on an inconspicuous area first. Apply directly on surface to be cleaned, and allow to penetrate briefly. Wipe off with a clean cloth or towel. For older, more difficult jobs apply a generous amount of cleaner and allow to stand for a few minutes before wiping dry. For extremely tough jobs, such as the removal of old, dried latex paint, scrub with a brush or scouring pad, and wash off with a wet rag. For engine cleaning, use on a cold dry engine. Do not use on varnished surfaces or leather. **Do not mix this product with any other chemicals.**
